Summary

- Final-year Computer Science and Engineering student with hands-on experience in building web applications using the MERN stack. Completed internships at Stacia Corp and CodeBind Technologies, and built projects such as TaskDrive and GitHub Profile Analyzer. Looking for a fresher Software Developer or Web Developer role to apply my skills and keep learning.

Experience

Stacia Corp *Jun 2026 – Jul 2026*
MERN Stack Intern – Software R&D Division

- Developed features for TaskDrive, a file and task management platform, using React.js, Node.js, Express.js, and MongoDB, enabling users to upload, organize, and share files and folders.
- Implemented JWT authentication and built trash-and-restore and activity-tracking features using REST APIs, enabling secure login and recovery of deleted files.

CodeBind Technologies *Jul 2025 – Aug 2025*
Web Development Intern

- Developed a responsive boutique website using HTML, CSS, and JavaScript that adapts to different screen sizes.

Skills

Languages : Java, JavaScript, Python, C

Frontend : React.js, HTML, CSS, Tailwind CSS

Backend : Node.js, Express.js, REST APIs

Database : MongoDB, MySQL

Tools : Git, GitHub, VS Code, Figma

Core Concepts : OOP, DBMS

Education

SRM Madurai College for Engineering and Technology *2023 – 2027 (Expected)*
B.E. in Computer Science and Engineering **CGPA: 8.54/10**

Sourashtra Girls Higher Secondary School, Madurai *2023*
Higher Secondary Certificate (HSC) **Percentage: 90.16%**

Projects

TaskDrive – File and Task Management Platform *Jul 2026*
MongoDB · Express.js · React.js · Node.js

- Built a MERN platform that lets users upload files, organize folders, share content, and restore deleted files.
- Integrated authentication and activity tracking using REST APIs and MongoDB for secure file management.

GitHub Profile Analyzer *May 2026*
React.js · GitHub API · Recharts

- Built a React.js app using the GitHub API to show a developer's profile and repository data in one place.
- Visualized repository statistics with Recharts, making developer data easy to understand.

GradeMate – Academic Grade Tracker *May 2025*
React.js · JavaScript · Tailwind CSS

- Developed an app for tracking academic grades, enabling students to calculate GPA and CGPA easily.
- Designed a responsive interface with React.js and Tailwind CSS that works on different screen sizes.

MediCare – Healthcare Mobile Application *Apr 2025*
Kotlin · Groovy · XML

- Developed a healthcare mobile app for the TNWise Hackathon to help users manage their medications.
- Implemented medication tracking and reminder features, helping users take medicines on time.

Certifications

- Spring 5 Basics – Infosys Springboard, 2026
- Programming in HTML5 with JavaScript and CSS3 – Infosys Springboard, 2025
- Deloitte Technology Job Simulation – Deloitte, 2026
- Robotics Workshop – Mobius 2K24, 2024
